Teacher answers & working

Bearings · Basic Bearings

GEO-5B87-L1 · Student pages 1-3. Print at 100%, single-sided. Cut on dashed lines.

SA1

State the bearing of B from A.

Answer:

137°

Working:

Step 1: Bearings are measured clockwise from the north line at A.

Step 2: The clockwise angle shown from north to AB is 137°.

Step 3: Write the answer as a three-figure bearing.

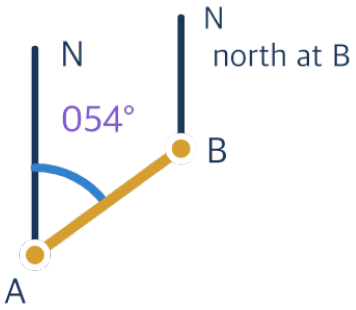

Bearing of B from A = 137°.

SB1

The bearing of B from A is 054°. Find the bearing of A from B.

Answer:

234°

Working:

Step 1: A reverse bearing points in the opposite direction.

Step 2: Opposite directions differ by 180°.

$54° + 180° = 234°$

Step 3: Write the reverse bearing with three figures.

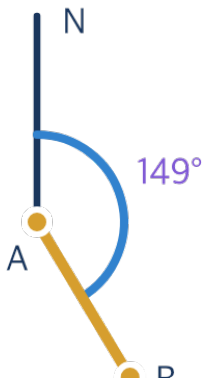

Bearing of A from B = 234°.

SC1

State the bearing of B from A.

Answer:

149°

Working:

Step 1: Bearings are measured clockwise from the north line at A.

Step 2: The clockwise angle shown from north to AB is 149°.

Step 3: Write the answer as a three-figure bearing.

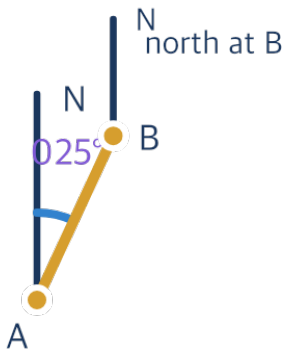

Bearing of B from A = 149°.

SD1

The bearing of B from A is 025°. Find the bearing of A from B.

Answer:

205°

Working:

Step 1: A reverse bearing points in the opposite direction.

Step 2: Opposite directions differ by 180°.

$25° + 180° = 205°$

Step 3: Write the reverse bearing with three figures.

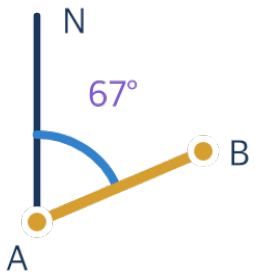

Bearing of A from B = 205°.

EA1

State the bearing of B from A.

Answer:

067°

Working:

Step 1: Bearings are measured clockwise from the north line at A.

Step 2: The clockwise angle shown from north to AB is 67°.

Step 3: Write the answer as a three-figure bearing.

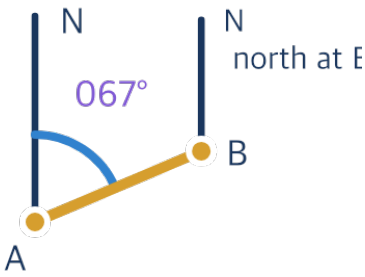

Bearing of B from A = 067°.

EB1

The bearing of B from A is 067°. Find the bearing of A from B.

Answer:

247°

Working:

Step 1: A reverse bearing points in the opposite direction.

Step 2: Opposite directions differ by 180°.

$67° + 180° = 247°$

Step 3: Write the reverse bearing with three figures.

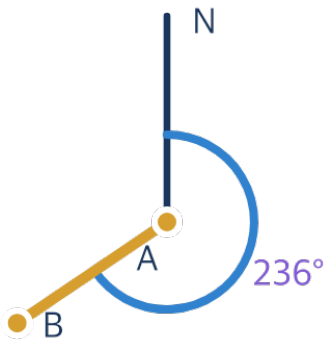

Bearing of A from B = 247°.

EC1

State the bearing of B from A.

Answer:

236°

Working:

Step 1: Bearings are measured clockwise from the north line at A.

Step 2: The clockwise angle shown from north to AB is 236°.

Step 3: Write the answer as a three-figure bearing.

Bearing of B from A = 236°.
